PRODUCT FLASH

VERSION 1.0

SolarRaptor® HID UV-A+B Lamp

- Aluminium body with integrated reflector for better thermal management
- E27 Socket - electronic ballast required

Article

35 W PAR 20 spot	Art. No.: 00010009 • H-Art. No.: VP8119
35 W PAR 30 flood	Art. No.: 00010008 • H-Art. No.: VP8118
50 W PAR 30 spot	Art. No.: 00010007 • H-Art. No.: VP8117
70 W PAR 30 spot	Art. No.: 00010003 • H-Art. No.: VP8115
70 W PAR 30 flood	Art. No.: 00010005 • H-Art. No.: VP8116
150 W PAR 38 spot	Art. No.: 00010006

SolarRaptor® UV-A+B Mercury vapor lamp

- Tempered glass on which dust does not burn to form a layer blocking the beam as with conventional lamps, i.e. UVB emittance is longer
- No electronic ballast required

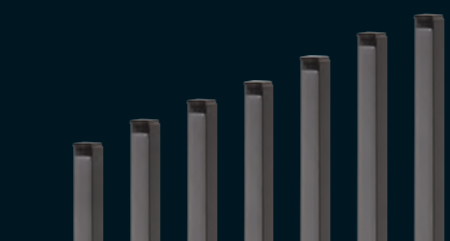

Article

80 W MVL PAR38	Art. No.: 00010598 • H-Art. No.: VP8128
100 W MVL PAR38	Art. No.: 00010257 • H-Art. No.: VP8126
160 W MVL PAR38	Art. No.: 00010258 • H-Art. No.: VP8127

SolarRaptor® HeatStrip

- Front pane heating for a healthy climate without cold draft
- Ideal addition for all terrariums

Article

HeatStrip 2,4 W 150 mm	Art. No.: 00011540 • H-Art. No.: VP8106
HeatStrip 4 W 250 mm	Art. No.: 00011541 • H-Art. No.: VP8107
HeatStrip 5,6 W 350 mm	Art. No.: 00011542 • H-Art. No.: VP8108
HeatStrip 8,8 W 550 mm	Art. No.: 00011543 • H-Art. No.: VP8109
HeatStrip 12 W 750 mm	Art. No.: 00011544 • H-Art. No.: VP8110
HeatStrip 15,2 W 950 mm	Art. No.: 00011545 • H-Art. No.: VP8111
HeatStrip 18,4 W 1150 mm	Art. No.: 00011546 • H-Art. No.: VP8112

SolarRaptor® Clamp Lamp

- For PAR 20, PAR 30 and PAR 38 bulb
- Protective grating included in scope of supply
- Plug for mains cord or SolarRaptor electronic ballast

Article

Clamp Lamp S (PAR 20/30)	Art. No.: 00010624 • H-Art. No.: VP8129
Clamp Lamp L (PAR 38)	Art. No.: 00010625 • H-Art. No.: VP8130

SolarRaptor® Basic Light

- Broad daylight spectrum with 28, 42 or 52 W output
- Light and heat suitable for all terrariums

Article

28 W Basic Light	Art. No.: 00010183 • H-Art. No.: VP8123
42 W Basic Light	Art. No.: 00010184 • H-Art. No.: VP8124
52 W Basic Light	Art. No.: 00010185 • H-Art. No.: VP8125

SolarRaptor® Heating Lamp

- 60 W infrared blackbody radiator PAR 30 with reflector and E27 socket

Article

Heating Lamp PAR 30	Art. No.: 00010623
---------------------	--------------------

SolarRaptor® LightBar T5

- Optimum light efficiency up to 54 W output
- Save about 40% for the same brightness as before

Article

LightBar T5 24 W 606 mm	Art. No.: 00010217
LightBar T5 39 W 910 mm	Art. No.: 00010219
LightBar T5 54 W 1210 mm	Art. No.: 00010221

SolarRaptor® T5 UV-B

- Optimum light efficiency up to 54 W output
- Balanced UV-A and UV-B spectrum

Article

T5 UV-B 24 Watt - 5.0 - 549 mm	Art. No.: 00010229
T5 UV-B 39 Watt - 5.0 - 849 mm	Art. No.: 00010233
T5 UV-B 54 Watt - 5.0 - 1149 mm	Art. No.: 00010237
T5 UV-B 24 Watt - 10.0 - 549 mm	Art. No.: 00010230
T5 UV-B 39 Watt - 10.0 - 849 mm	Art. No.: 00010234
T5 UV-B 54 Watt - 10.0 - 1149 mm	Art. No.: 00010238

Explanation of icons/legend

Light
These products are ideal for all-day lighting.

Heat
These products have sufficient heat radiation and can be used as solar spot lamps.

UV Radiation
These products offer an optimum UVA and UVB spectrum for vitamin D3 synthesis in all animals.

UVA Radiation
These products offer a natural UVA spectrum.

UVB Radiation
These products offer a natural UVB spectrum.

External device required
These products need an external operation device.

Protection degree
This Symbol specifies the product's protection degree

Explanation of icons/legend

Direct Plug
These products require no electronic ballast and can be connected directly.

Easy Plug
These products have a spray water protected and disconnectable connection to the bulb.

4CH
These products have 4 individual channels that can be controlled via the CON-Series separately.

5CH
These products have 5 individual channels that can be controlled via the CON-Series separately.

RGB
These products have additional RGB-LED's to generate various lighting scenarios.

DRV
These products need an external operation device. Multiple products can be controlled via DRV to save money.

Connect
These products are compatible with the Connect holder series for different mounting solutions.

Four easy steps to your perfect combination

1 Choose SunStrip

2 Choose driver

3 Choose holder

4 Choose control unit

SunStrip/WaterTube complete overview

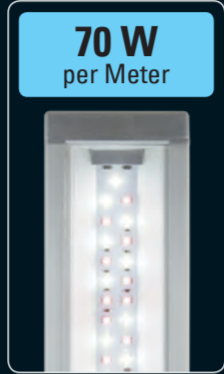

SunStrip 35 Fresh

350 mm 13 Watt Art. No.: 00011472 H-Art. No.: VP8131
 450 mm 16 Watt Art. No.: 00011473 H-Art. No.: VP8132
 550 mm 20 Watt Art. No.: 00011474 H-Art. No.: VP8133

 1350 mm 95 Watt Art. No.: 00011512 H-Art. No.: VP8153
 1450 mm 102 Watt Art. No.: 00011513 H-Art. No.: VP8154

SunStrip 140 Marine

300 mm 42 Watt Art. No.: 00011526 H-Art. No.: VP8167
 450 mm 63 Watt Art. No.: 00011527 H-Art. No.: VP8168
 600 mm 84 Watt Art. No.: 00011528 H-Art. No.: VP8169
 900 mm 126 Watt Art. No.: 00011529 H-Art. No.: VP8170

SunStrip 35 Reptile

350 mm 13 Watt Art. No.: 00011496 H-Art. No.: VP8100
 450 mm 16 Watt Art. No.: 00011497 H-Art. No.: VP8101
 550 mm 20 Watt Art. No.: 00011498 H-Art. No.: VP8102
 750 mm 27 Watt Art. No.: 00011499 H-Art. No.: VP8103
 1150 mm 41 Watt Art. No.: 00011500 H-Art. No.: VP8104
 1450 mm 51 Watt Art. No.: 00011501 H-Art. No.: VP8105

WaterTube Day

100 mm 1,5 Watt Art. No.: 00011597
 200 mm 3 Watt Art. No.: 00011598
 300 mm 4,5 Watt Art. No.: 00011599
 400 mm 6 Watt Art. No.: 00011590
 500 mm 7,5 Watt Art. No.: 00011591

WaterTube Moon

100 mm 1,5 Watt Art. No.: 00011592
 200 mm 3 Watt Art. No.: 00011593
 300 mm 4,5 Watt Art. No.: 00011594
 400 mm 6 Watt Art. No.: 00011595
 500 mm 7,5 Watt Art. No.: 00011596

Add the power ratings of your products (i.e. 3x SunStrip 25 Watt = 75 Watt) and choose your driver >= 75 Watt.

DRV complete overview

DRV 15

Universal driver for SolarRaptor/SolarStinger - Products with 6-Pin-Connector
 Input power: 19 W
 Art. No.: 00011547
 H-Art. No.: VP8171

DRV 30

Universal driver for SolarRaptor/SolarStinger - Products with 6-Pin-Connector
 Input power: 36 W
 Art. No.: 00011548
 H-Art. No.: VP8172

DRV 60

Universal driver for SolarRaptor/SolarStinger - Products with 6-Pin-Connector
 Input power: 71 W
 Art. No.: 00011549
 H-Art. No.: VP8173

DRV 90

Universal driver for SolarRaptor/SolarStinger - Products with 6-Pin-Connector
 Input power: 106 W
 Art. No.: 00011633
 H-Art. No.: VP8174

DRV 120

Universal driver for SolarRaptor/SolarStinger - Products with 6-Pin-Connector
 Input power: 141 W
 Art. No.: 0001155
 H-Art. No.: VP8175

DRV 150

Universal driver for SolarRaptor/SolarStinger - Products with 6-Pin-Connector
 Input power: 176 W
 Art. No.: 00011643
 H-Art. No.: VP8176

DRV 180

Universal driver for SolarRaptor/SolarStinger - Products with 6-Pin-Connector
 Input power: 209 W
 Art. No.: 00011551
 H-Art. No.: VP8177

Y-Cable

Art. No.: 00011553

SunStrip Connect complete overview

Z-Holder

Standard mounting system for mounting or direct mounting

Flat Holder

Standard mounting system for mounting or direct mounting

Connector Plate

The connector plate allows two SunStrips to be connected together

BridgeClip

Standard mounting system for tanks from 4-15mm glass for mounting on the side of the tank

Holder Plate

The holder plate offers ideal options to attach the LED SunStrip to save space

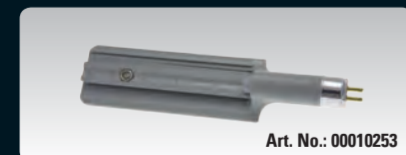

Extender Plate

With the extender, it is possible to mount up to three SunStrips fixed together

T5 Holder

The T5 Holder allows you to convert your existing T5 lighting system to the SunStrips

T8 Holder

The T8 Holder allows you to convert your existing T8 lighting system to the SunStrips

T5 FlexHolder

Standard mounting system with individual adjustment for installation in T5 lighting fixtures

T8 FlexHolder

Standard mounting system with individual adjustment for installation in T8 lighting fixtures

Bridge Holder

The bridge holder can be fixed to all material thicknesses (up to max. 12mm)

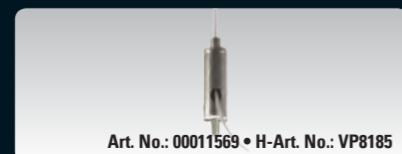

Top Rail Set

Ceiling mount rope unit, height adjustable for multiple SunStrip installation

Ceiling Rope Set

Standard mounting system for ceiling mounting for the whole SunStrip range. Max. rope length 2,5 m

BridgeHolder 35

Standard mounting system with individual adjustment for the whole SunStrip 35 Watt range

BridgeHolder 70

Standard mounting system with individual adjustment for the whole SunStrip 70 Watt range

Retrofit Cover

Eheim/MP® und Juwel® compatible Aquarium cover
